MEMO FOR CAPTAIN OLSEN:

SUBJECT: CIG Disaster Plan (from security standpoint)

25X1A

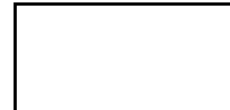

1. [redacted] reports that it is now necessary to have an overall Disaster Plan prepared, to guide all CIG offices in case of strike, fire or other disorder which may threaten a compromise of classified information through unintentional exposure. He feels that the Security Branch should prepare the policy and that the implementing actions should be prepared by the Security Division of P & A.

2. I told him that we would secure the views of the Security Branch, and then give him a ring. If you concur, he plans to buck the problem to us for necessary action.

3. I have furnished a copy of this note to [redacted], asking him to comment sometime the latter part of the afternoon.
